NOVEL APPROACHES TO ANALGESIA IN CHILDREN

Dr. Kimmo Murto MD, FRCPC
Department of Anesthesiology & Pain Medicine
University of Ottawa

OBJECTIVES:
By the end of the hour, participants should be able to
• Define and describe the origins of the term “multimodal analgesia”
• Describe key aspects relevant for effective pediatric pain management
• Formulate a practical “3 Ps” approach to pain management in children

Physicians, Nurses, Health Disciplines are Welcome to attend!

Paediatric Rounds is a self-approved group learning activity (Section 1) as defined by the Maintenance of Certification program of The Royal College of Physicians and Surgeons of Canada.

Each participant should claim only those hours of credit that he/she actually spent participating in the educational program.

This program has no commercial support.
