

DEPARTMENT OF PAEDIATRICS

JANUARY 11TH, 2023: 1200-1300

THE MILLION DOLLAR (PLUS) THERAPY: STATE-OF-THE-ART TREATMENT FOR INBORN ERRORS OF METABOLISM (IEM)

Via Zoom

Presenter

Dr. Chitra Prasad: MD, FRCPC, FCCMG

Professor Department of Paediatrics (Section of Genetics and Metabolism)

OBJECTIVES:

By the end of the hour, participants should be able to

1. Detect clinical features and delineate the pathogenesis of IEM (especially ones where there are potential therapies)
2. Discuss various therapies for management of IEM
3. Assess the role, limitations, successes of various therapies such as enzyme replacement therapies, substrate reduction therapy, stem cell transplant and gene therapy

Physicians, Nurses, Health Disciplines are Welcome to attend!

Paediatric Rounds is a self-approved group learning activity (Section 1) as defined by the Maintenance of Certification program of The Royal College of Physicians and Surgeons of Canada.

Each participant should claim only those hours of credit that he/she actually spent participating in the educational program.

This program has no commercial support.
